PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center (IPIa (DIA)). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (1) unidentified facilities or tracking activity.

SUMMARY

A military installation is located on the east edge of Floreshty (Figure 1). $\,$

The installation covers approximately 65 acres and contains 3 probable barracks/administration buildings, 3 barracks, 20 support/storage buildings, 1 vehicle maintenance building, 4 storage buildings, and a secured probable explosives storage building (Figures 2 and 3).

An adjacent training area covers approx-

imately 640 acres and includes 2 tank/assaultgun firing ranges, and a flat-trajectory firing range.

A light level of activity was observed on all coverage. No significant changes in facilities were observed.

25X1D

DESCRIPTION OF INSTALLATION

Railroad Service

The Beltsy-Rybnitsa rail line is adjacent to the installation. $\label{eq:Beltsys}$

Road Service

The installation is served by city streets.

Administration and Troop Housing Area

Area D contains 3 U-shaped multistory probable barracks/administration buildings, 3 barracks, and 9 support/storage buildings.

General Storage Area

Area L contains 4 storage buildings and 6 support/storage buildings.

Probable Explosives Storage Area

Area F contains I probable explosives storage building.

Other Buildings and Facilities

Four support/storage buildings are in the training area.

Equipment Storage/Maintenance Area

Area J contains one 155- by 45-foot vehicle maintenance building and 1 support/storage building.

Tank Assault-Gun Firing Ranges

Area N1 is a 2,500-foot firing range with 3 moving target runs, and Area N2 is a 3,000-foot firing range with 1 moving target run. Quality and scale of available coverage preclude additional interpretation.

Flat-Trajectory Firing Range

Area P is a flat-trajectory firing range consisting of a static firing line with 5 firing points and 1 range support building. Maximum target distance is undetermined.
